## About Gujarat Maritime University

Gujarat Maritime University (GMU) is an endeavor by the Gujarat Maritime Board, Government of Gujarat to provide a fillip to the maritime sector by bridging the knowledge gap within the industry. GMU has been established to serve the global maritime community by producing educated and well-trained professionals in the maritime domain. It aims to enhance and increase the human capital and capacity of the maritime industry both in India and across the globe. To realize these objectives short-term online course on International Maritime Law has been designed.

## Department of Law, Central University of Kerala

Aspiring to emerge as a premier center of legal scholarship, CU-Kerala offers a general/flexible LLM program that will cater to the needs of society, government and clients. Our faculty of experts with extensive research/real-world experience is committed to teaching, and our staff is dedicated to serving the needs of all our students. CUK Law Campus is located at Thiruvalla, close to the Thiruvalla court center that houses Family Court, Sub Court, Munsiff's Court, and the Judicial First-Class Magistrate Court - enabling students to have a practical interface with the legal system.

# Introduction to the training Programme

Maritime Law is a unique field of law that renders a great impact on the everyday life of the people. In today's world, no country can work in isolation and maritime law enables countries to connect. As 90% of global trade depends upon ships, a great deal of emphasis has to be laid on the regulations governing the sea. It is a little-known fact that a ship can be operated from one country, flagged for operational reasons to another, and then has crew from yet another nation. This makes the domain of Shipping law more intricate, yet exciting to pursue as a professional. Increasing work in the maritime space because of reasons like ship arrest, cargo claims, etc. provides excellent opportunities. Five days Training Program is aimed to cover a wide range of areas related to maritime law including Shipping Contract, Marine Environment, Admiralty law, and Maritime Dispute Resolution.

## Significance of the Course

To make the participants aware of the legal framework governing the maritime sector. It will equip participants with knowledge on contemporary and advanced issues related to the maritime sector. The training course would be ideal for students and professionals aiming to be specialists in the shipping and maritime domain.

## Course Detail

### Target Audience

The program is designed for anyone who has a passion for shipping and the diverse legalities that ships need to comply with not just limited nationally but on an international level. The course is also aimed to attract those who are already working in the industry but strive to get on to a very exciting and challenging role.
